

REDS OLD VINE BLEND IN KEGS

1. Wine stays fresh to the last drop
2. Served at consistent temperature
3. Convenient for waitstaff
4. Saves on serving costs
5. It's green! Recycling and reuse of the kegs eliminates waste from bottles, corks, labels and boxes

REDS comes from the heartland of California. Here the ancient rivers that flowed out of the Sierras created well-drained soils that yield deep, dark, and rich wines. REDS is a blend of 130 year old spicy carignane and 90+ year old fruity zinfandel, with a bit of petite sirah added for color and body. We use oak sparingly and to emphasize pure fruit flavors and aromas. The result: a delicious wine that sets the standard for enjoyment with hearty fare. That's why it is known as The Wine for the People!
