

TERRA ROSA MALBEC IN KEGS

1. Wine stays fresh to the last drop
2. Served at consistent temperature
3. Convenient for waitstaff
4. Saves on serving costs
5. It's green! Recycling and reuse of the kegs eliminates waste from bottles, corks, labels and boxes

Made from ancient vines high on the slopes of the Andes Mountains of Mendoza, Terra Rosa has a rich smokiness with intense blueberry flavors, violet top notes and a full mid-palate structure. With no excess alcohol or oak flavors, its clean minerality and great balance allow the purity of the malbec fruit to shine through. It's delicious! Terra Rosa is the first Argentine malbec in kegs.
